FoI 2017-01867 - Stolen Dogs

APPROACH

- Crimes which included "Theft" or "Burglary" in the Offence Description and which were recorded in 2015, 2016 or 2017 and where there was linked property with a class of "Animal" were extracted.
- The property linked to these crimes was reviewed to identify dogs stolen and the breed of dog where recorded. Where the description showed a cross, the breed was classified as the first breed mentioned "Cross".
- The status of the property ("STOLEN", "RECOVERED", or "NOT NOW STOLEN") was used to identify dogs that had been recovered. It is assumed that if recovered, the dog(s) will have been restored to their rightful owner.
- The month of the theft was derived from the date the crime was recorded.
- If a stolen dog was not recorded as property linked to the crime, it will not be included.
