REQUEST UNDER THE FREEDOM OF INFORMATION ACT 2000 Ref No: FOI2018/05161

I write in connection with your request for information received on 12th September. I note you seek access to the following information:

Can I have the number of crimes, and what crimes were committed within the Stevenage area last month please (August 2017).

Clarification - Please could you confirm the time frame that you require this information for as you refer to last month and also August 2017.

I would very much like the information requested for the month of August 2018, I hope that this clears up the confusion.

I am required by the Freedom of Information Act 2000 (The Act) to handle all requests in a manner that is blind to the identity of the requestor. Any information released in response to a request is regarded as being published and therefore, in the public domain without caveat.

Following enquiries within the Constabulary please see our response below.

Response – Due to a new crime recording system being implemented we can only provide data up to 22nd May 2018 as our new system cannot produce reports. Unfortunately that means we are unable to answer the questions posed in your request.

The numerical data presented in this response is an un-audited snapshot of un-published data sourced from "live" systems and is subject to the interpretation of the original request by the individual extracting the data.

Should you have any further enquiries concerning this matter please do not hesitate to contact me quoting the above reference number.

Yours sincerely
